Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. This is really unfair!

I use my wireless phone for safety, security and convenience. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!
